

PHR: Enabling the Whole System Event
Thursday 24th January 2019

Table/Group: 9

Session 1: Creating the conditions for Whole System Working

Key: strong (S), moderate (M), weak (W) or no engagement (N)

T9

Session 2: Developing the Plan

System is delivering much better outcomes for looked after children and fewer looked after children

	Who	What	How	When	Where
Communication	Housing Providers Private Landlords	Ensure LAC aware of rights of access to healthcare	Parents education – Surestart etc. LAC to be consulted on service provision (participatory approach) Promote rights and long term benefit to individuals and society Clever use of social media to create public will to change		
Leadership	Looked after children champions in public agencies/ consider impact of policy and legislation on LAC's	Explore good practice elsewhere	Ensure looked after children are central to the improvement work.		
Structures		Safe, secure, affordable housing	Support to sustain in education, leadership and training. Evidence building to gain confidence that resource shifts will be delivered. Maximising social security benefits Affordable transport – attending school, interviews, care visits.		
Culture and Values	Relevant public services have more broadly defined collaborative success criteria	We try to predict outcomes in advance and think about what should be done Opposite of punitive Don't criminalise behaviour that in other contexts would be considered normal	Understand whether any adverse childhood experiences that public services could prevent by working differently. In school/youth work learning and social support – mentoring (community volunteers) Risk awareness - Avoiding criminalising -Community/school/police		
Workforce	Health Visiting Midwives Early years support		Help looked after children not feel stigmatised/discriminated in education system.		
Relationships		Employment – Active labour market Employment opportunities and skills development	Shared understanding across local partners.
